

I am deeply disappointed to learn that the FCC seeks to weaken Wisconsin's No-Call law in order to facilitate the telemarketing industry's dedication to impinge upon our quality of life. I very much resent telemarketing calls, even by charitable institutions and even refuse to respond by donating to ANY organization that calls me on the telephone. And I tell them that when they call in hopes that it will discourage them from continuing to call me. I pay for telephone services for my own use, not for the use of those who wish to sell me something! PLEASE do not allow any changes to be made to Wisconsin's No Call List.
